# SchoolTool Product Information Bulletin

## Version 22.3-R1 (Build 07) Release

Mindex has announced the latest release of SchoolTool, Version 22.3-R1 (Build 07). Version 22.3-R1 includes updates for database servers, web servers, and the Grading Application. Additionally, the Identity Server is being updated to support Advanced Analytics logins from non-SchoolTool districts.

On Tuesday, May 13, between 10 PM and 2 AM, the Mindex team will be updating your SchoolTool sites to version 22.3-R1 (Build 07). SchoolTool will not be available during this time.

For more details regarding the features, fixes, and components that will be updated, please refer to our Release History. Should you have any questions, please contact SchoolTool Service Delivery for assistance.
